NOTICE

You are all aware that IT Cell of Maulana Abul Kalam Azad University of Technology, West Bengal (MAKAUT, WB) has created an online meeting platform using opensource technology where educational institutions will be able to do online teaching activities with their students completely free of cost. This application also has some special network related benefits which are absent in common online platforms. Initially, we will allow Government and Government-aided schools, colleges and universities to use this application.

Those who wish to use this application are told that you can apply by clicking on the "How to Apply" section of the website (https://meeting.makautwb.net). Your applications will be considered by the committee constituted by the university and those who will be nominated will be given the necessary user account(s) to use this application. The last date of application is 15th June, 2021.
