No.4.19/Regis./Ntc.ITCell/2021

Dated: 19th April, 2021

NOTICE

The IT Cell of Maulana Abul Kalam Azad University of Technology, West Bengal has developed an AI and ML based Software called Smriti Mask Scanner V1.0 for the benefit of the common man to prevent corona. This software will determine whether a person is wearing a mask correctly or not as well as will detect if he is in the crowd and request to avoid the crowd. No additional hardware is required to use this software, it can run on any smartphone or tab or laptop with internet connection or any desktop with standard webcam. To access the software, it is needed to send a request for user account at https://aiteller.net/login URL. after receiving the request, MAKAUT administration will verify the request and generate ID and password for it. This account details will be sent to the email ID of the person making the request. The entire process will be completed within 48 hours of receiving the request.

There are two things that need to be emphasized in order to streamline the entire registration process:

1. An Administrative Committee will examine the application of those who are applying.
2. The URL of this cloud-based software (http://aiteller.net/login) is included in the main website of the university (http://makautwb.ac.in) so that the general public can easily apply to use this software.

Sd/-
Dr. Partha Pratim Lahiri,
Registrar, MAKAUT, WB.

In continuation of the above notice, it is being further notified that:
- With respect to the above point No.1 I am pleased to inform that Hon'ble Vice-Chancellor has constituted the Administrative Committee in the manner as follows:
1. Shri Pritimoy Sanyal (Convenor)
2. Shri Anup Kumar Mukherjee
3. Ms Sayantani Saha
4. Dr. C. M. Hossain

- With respect to point No.2, I am pleased to inform that Hon'ble Vice- Chancellor has advised Dr. Md. Aftabuddin for doing the needful.

Dr. Partha Pratim Lahiri,
Registrar, MAKAUT, WB.
