Inviting reference to your application addressed to the Hon'ble Vice Chancellor, Maulana Abul Kalam Azad University of Technology (MAKAUT), West Bengal requesting to become a collaborator in the Centre for Collaborative Programs, Training & Research established by the University vide Notification No. MAKAUT-WB/Regis. /CCPTR/001/2021-2022 dt. July 27, 2021, the undersigned is pleased to inform you that, based on the Detailed Project Report submitted by you in this connection and the recommendations of a committee set up by the Competent Authority, you are granted provisional permission to act as a Collaborator under administrative, academic, financial control and supervision of this University for the following Certificate/Diploma/PG Diploma Programs from the Academic Session 2021-22 for initial period of One (01) year.

SI. No.	Name of the Program(s)	Intake	Approved Fees (Rs.)	
1.	Diploma in Medical and Laboratory Technology (12 <sup>*</sup> months)	60	50,000/-	

You are advised to address all issues relating to infrastructure, human resource, laboratory set up, instruments and other areas as deemed necessary within ONE MONTH of the date of acceptance of this letter.

Renewal of the said collaboration may be done depending upon performance of your organization and mandates of this University. You will carry out all academic activities under the strict supervision of this University with the sole objective of promoting quality in teaching-learning, training and research as directed by the University from time to time.

The other terms and conditions of this Collaboration will be intimated to you in due course.

Therefore, you are requested to sign on the duplicate copy of the letter as acknowledgement and acceptance of this offer.

# CERTIFICATE

This is to certify that the thesis entitled "Molecular dynamics based binding energy calculations of protein-ligand complexes" represents the bonafide work of Mr. Debanjan Dey (Reg. No. 203002320210004 of 2020-2021), Department of Pharmaceutical Technology, Maulana Abul Kalam Azad University of Technology, West Bengal towards partial fulfillment of the award of the degree of Master of Pharmacy in Pharmacology and contains the results of his own studies and investigation carried out under my supervision at the Department of Structural Biology and Bioinformatics Division, CSIR-Indian Institute of Chemical Biology, Translational Research Unit of Excellence, Kolkata. This work should not be reproduced anywhere as it is an unpublished work.

## ACKNOWLEDGEMENT

Here I gladly present this seminar report "Structural Elucidation of Aquaporin 1 of *Clarias batrachus* through computational approaches" as part of 4th semester M.TECH in Bioinformatics. I have taken effort in this project. However, it would not have been possible without the kind support and help of our sir.

I am highly indebted to **Dr. Soumen Kumar Pati** and **Dr. Bijay Kumar Behara** sir for their guidance and constant supervision as well as for providing necessary information regarding the project and also for their support in completing the project. I would like to express my gratitude towards my University also. The final outcome of this seminar required a lot of guidance and assistance from many people and I am extremely privileged to have got this all along the completion of my project. All that I have is only due to such supervision and assistance and I would not forget to thank them.

Special thanks to Mr. Ajay Kumar Rout.
